Addendum I

Motion Preparation:

These rules also apply to motions for summary judgment, preliminary injunction, or other motions requiring evidentiary submissions. The parties shall meet and confer to resolve all evidentiary issues. Those that cannot be resolved shall be handled in the following manner.

In connection with motions, the exhibits shall be submitted with a cover sheet listing all exhibits. Opposing counsel shall indicate on the list their objections, if any, by use of a keyed system. The keyed system referred to in these instructions may designate the objection by number or name, and shall include an index to the keys or codes, unless the number or name is self-evident. For example, a Rule 403, FRCP objection may be noted by R.403; an objection that a deposition question assumed facts not in evidence might be referred to as "AF" with the index identifying each such code.

Depositions used in connection with a motion shall be filed at the time the oppositions are filed and shall be marked as follows: The entire deposition shall be submitted (if deposition is in one volume; otherwise, only the volume containing designated portions shall be provided), one copy only, tabbed as necessary or otherwise marked. Objections shall be noted in the margin by use of a keyed system. This will provide the court with one deposition together with the objections of all parties appearing on the face of the designated extract.

Separate motions to strike shall not be filed.

Filing of Undisputed Statements of Fact:

The parties are hereby advised that in all proceedings where a statement of undisputed facts is to be filed, only one joint statement, signed by all parties, shall be filed. **Separate statements of undisputed facts are unacceptable, and failure to file one joint statement will result in the striking of pleadings or other appropriate sanctions.** If the parties are unable to agree that a fact is undisputed, then the fact is in dispute.
